Online Education

1. Does all programs/courses were completed on time.		Yes	
2. Measures taken to complete the syllabus of courses and programs.		<p>Indian Institute of Space Science and Technology is indeed very much obliged to all its faculty members who have taken extra and special care to ensure that the syllabus of all the undergraduate and postgraduate courses are duly completed through the online mode. The institute and its faculty members are indeed very much aware of the challenges of both online teaching and smooth conduct of online examinations. Our students could easily access and download the video lectures that formed part of the online classes, the same day. Furthermore, our students also had the benefit of obtaining lecture notes, lecture power point slides as well as other relevant course materials (in soft copy) from our faculty members. Our institute's undergraduate admission is based on the performance of students in the JEE (Advanced) examination. It is to be noted that the above-mentioned JEE (Advanced) examination for both years of 2020 and 2021 were very much delayed and were held respectively on 27 September 2020 and 3 October 2021. The results of the JEE (Advanced) examination for both years of 2020 and 2021 were declared on 5 October 2020 and 15 October 2021, respectively. The above resulted in our first year undergraduate admission getting unduly delayed with first year undergraduate classes commencing only on 23 November 2020 and 7 December 2021, respectively. It is clear from the above that the commencement date for the beginning of classes for the first year undergraduate students was delayed by about 4 months for both 2020-2021 and 2021-2022 academic years. Our faculty members who taught undergraduate first year students in 2021-2022 academic year) have taken extra effort and taught online classes that also extended to the forenoon session on Saturdays also. That is, the institute had resorted to a six-day week of teaching for the first year classes for both the academic years 2020-2021 and 2021-2022. With the above strategy together with a truncated winter break (vacation between the first and second semesters), the institute has been successful not only in completing the syllabus of the above first year undergraduate courses but also in ensuring that the first year undergraduate students seamlessly join their senior students with the commencement of their classes in the second year being also aligned with the same dates as their senior students.</p>
